THE PEN PUSHERS AT CRAB ORCHARD

Had the Executive Committee searched until they were tired, they couldn't have found a more suitable place for the recent meeting of the Kentucky Press Association than Crab Orchard Springs, located in Lincoln county, and within easy reach of all sections of the state. The great number of pencil pushers who gathered there during the week of July 21st, was proof enough of the hearty approval of this plan.

Upon arriving at this grand, old place we were met at once with a feeling of rest, and were accorded such a genuine welcome by Manager J. B. Willis and his splendid wife, who are the very embodiment of hospitality, that we felt that it was worth the trip, and the longer we stayed the longer we wanted to stay.

The meeting of the state journalists was one of success, both from a business and social standpoint. The days and nights were one round of pleasure, but how could they have been otherwise with such surroundings? In the first place everybody and that means a great many people) was given a nice, cool, comfortable room, wherein moments of leisure—should there be any such—could be had away from the pleasurable excitement of the meeting. Rest, however, is of poor service without plenty of good things to satisfy the inner man. Mr. and Mrs. Willis, as caterers has long been established, and during this occasion, as upon all others, they saw to it personally that no one went hungry. Each day the wonder grew that they were

Mr. and Mrs. Wm. Mellon, of College Hill, are visiting the family of W. B. Willis. Mr. Mellon is a prosperous and successful merchant of that place.—Winchester Democrat.

Messrs. R. E. Turley and Joe Chenault were guests of honor at an elegant reception last Thursday, given by Mr. and Mrs. J. P. Denton, who live near Lexington, on the Richmond pike.

Mrs. Louis Schlegel and daughter, Miss Edna, entertained with a handsome lunch party last week in honor of the first of the week. Misses Bessie Brookshire, Nanie Wharton, and Gertrude Corn visited Miss Bessie Harris at Richmond last week.—Valley View Argonaut.

Prof. Joseph Porter left yesterday for a visit to Olympia Springs, Fla. wife and daughter, Dazie Moore Porter, who are now with Mrs. Porter's sister, Mrs. Albert Shouse, in the country, will join him this week and from there will go to Richmond for a visit to relatives.—Lexington Herald.

### Beware of Summer Germs

Will Cause Sickness Unless Stomach is Strengthened With Mi-o-na

One tablet of Mi-o-na taken before each meal during the summer months, whenever the stomach is out of order, or the digestion weak, will do more than any other treatment to prevent the diseases caused by germs at this season.

If the stomach is weak so that food does not readily digest in it, the food will become a sour, stinky, fermenting mass in the digestive organs, the ideal conditions for germs to cause bowel trouble, diarrhea, or other summer illness.

Mi-o-na will soothe and heal the irritated membrane of the stomach and digestive tract, stimulate the peristalsis, and strengthen the whole nervous system. This remarkable remedy

### Thursday Sept. 14, '05

IMMEDIATELY AFTER NOON LUNCH, 1282 acres of land will be offered for sale in eight separate tracts. The tracts comprise the larger part of the farm of Major John D. Harris and are situated in the fertile blue grass land conveniently located on the Lancaster and Menelaus turnpike roads in Madison county, Ky., beginning three miles from Richmond, Ky., and on the L. & N. railroad, with a platform in the front yard of the main residence.

We will first offer LOT No. 10, 1000 plat, containing 102 acres. The four lots in this tract all need easy out buildings and a very large tobacco barn.

We will then offer LOT No. 9, 900 plat, containing 102 acres. All this is in grass except twenty acres in tobacco, and a good brick dwelling house is located thereon.

Then we will offer said lots, Nos. 8 and 10 together and the same will be sold in the manner bringing the most money.

We will then offer LOT No. 1, 2, 3 and 4, per plat, separately and then together and will sell the same in the manner bringing the most money. These four lots are known as the "Old Alas," where Major John D. Harris formerly lived; they are located three miles from Richmond, Ky., on the Lancaster turnpike, and are all in blue grass and there are four houses on the same and one large tobacco barn. They are so located they make excellent small farms, conveniently situated, and are very productive. If sold separately, a thirty-five acre tract will be reserved between said lots Nos. 1 and 2 and Lot No. 2 and 4 will have a free and ample passway to the Lancaster turnpike road. These four lots combined contain 408 acres and together make one of the best and most productive farms of that size in Madison county. It is well watered, there being thereon a good pond and a large never failing spring.

We will then offer LOT No. 5, 500 plat, containing 304 acres. This tract has a half mile frontage on the Menelaus turnpike road, is well watered, and will make a very desirable farm, either alone or in connection with any of the other tracts already referred to, it being convenient to the Lancaster turnpike road, and is a good tenant house.

We will then offer LOT No. 6, of 101 acres. This is known as the Duncan land and there is no more fertile land in the county. It is well watered, and is a good tenant house.

A sale of these lands will present one of the best opportunities ever offered in Madison county, Ky., for sale and profitable investment of capital, or the purchase of a very desirable farm. They are all located convenient to the county seat, are bounded by excellent neighbors, and are on the Lancaster road, there being two stations on the farm, are convenient to churches and the nearest school, and are in the hands of the best farming communities in the state.

# CRANI-TONIC HAIR-FOOD

When a large number of physicians use and prescribe Crani-Tonic Hair-Food, as a remedy for baldness and its predisposing causes, there can be no question as to the merits of the preparation.

We print below the names and addresses of several of these physicians, all locally prominent and some of national reputation, who have unqualifiedly recommended the use of Crani-Tonic Hair-Food and the related Crani-Tonic Hair and Scalp Preparations.

We assert, without fear of contradiction, that no other preparation for promoting the growth of the hair has ever received such emphatic and unqualified endorsement from the medical profession as has been freely given to Crani-Tonic Hair-Food. The reason is plain. It is one free from injurious chemical compounds and is entirely
